GRAFTED WALNUTS
AND CHESTNUTS

"WE PAY TRANSPORTATION CHARGES"

For 40 years — continuously — The Carlton Nursery Co. has grown and shipped Nursery Stock, carefully dug and carefully packed, to all sections of the country. This long experience has taught us that success in Fruit or Nut Tree planting depends solely on selection of buds from trees producing quality as well as quantity and to have been budded on the proper Variety of Root System adaptable to certain Soil Conditions. The deep, rich, sandy loam of our Tualatin River Valley Nurseries enables us to supply Strong, Vigorous Trees, with highly developed Root Systems.
